

"Redefining the Future of Energy"

Bixby Maxfire and Ugly Black Box Eligible for Tax Credit

*Official Manufacturer's Certificate
Bixby Energy Systems*

Bixby Energy Systems manufactures the Bixby Maxfire and Ugly Black Box ("UBB") heating stoves that qualify for a tax credit under the American Recovery and Reinvestment Act of 2009.

The Maxfire and UBB are "qualified energy property" under the Act as they are biomass burning stoves for the purposes of Section 25C of the Internal Revenue Code.

Under penalties of perjury, I declared that I have examined this certification statement and, to the best of my knowledge and belief, that the facts are true, correct and complete.

A handwritten signature in black ink, appearing to read "Robert A. Walker".

Robert A. Walker
President and CEO

Homeowners should consult their tax advisor to determine whether they qualify for any potential income tax credits.
